

Training on Implementation of HIV Pre-Exposure Prophylaxis (PrEP) through Community-Based Organization (CBO) in Banteaymeanchey

05-07 July 2022

The National Center for HIV/AIDS, Dermatology and STD (NCHADS) with technical support from EpiC-FHI360 is conducting a training on implementation of HIV PrEP through community-based organization, MHSS, in Banteaymeanchey province. The objectives of this training are to provide technical knowledge on PrEP implementation, instruct about mechanism for provide PrEP through CBO to MHSS outreached workers and recording tools in electronic database (PrEP real-time database). PrEP CBO is the good approach for increasing the number of PrEP uptakes because the clients no need to come to Family Health Clinic for getting PrEP.

The participants of this training are PrEP providers and outreached workers of MHSS and RHAC from Sereisophoan and Poipet district with the present of honorable guests from NCHADS, PHD and EpiC-FHI360. In 3 days running, this training is also included the procedure of HIV and HBV testing as well.

This event was starting from the informative remark from **Dr. Ngauv Bora**, Head of Technical Bureau of NCHADS, and opening remark by **Dr. Che Vichet**, Deputy Director of PHD.
